

Do you have clubs and/or youth in your county that are interested in learning about marine life? Do you have youth interested in photography? If so, please share the following information!

2017 4-H State Marine Ecology Event and Marine and Aquatic Photo Contest

Saturday, November 4, 2017
Osceola County Extension Office in Kissimmee, FL

The 4-H State Marine Ecology Event (MEE) is an annual contest open to Junior, Intermediate, and Senior 4-Hers. The contest provides opportunities for youth to learn about Florida's coastal plants and marine life. County teams and individuals are encouraged to enter. Top scoring winners receive trophies and small scholarships. These scholarships can be used toward more learning opportunities in marine science!

Guidelines, study materials, registration information are available at florida4h.org or go to: <http://florida4h.org/programsandevents/marine/>. The 2017 4-H State Marine Ecology Event is sponsored by the **Guy Harvey Ocean Foundation**.

The 4-H State Marine and Aquatic Photography Contest is held in conjunction with the MEE. Information and guidelines are at <http://florida4h.org/programsandevents/marinephoto/>

For more information about these events, contact Dr. Karen Blyler at kblyler@ufl.edu or call 352-294-2903.
