

Science and Technology

Computer Technology Projects

Objectives

4-H'ers will learn to:

- demonstrate marketable /productive skills for work and family life in science and technology.
- effectively communicate with others.
- effectively plan and organize.

Project Manuals & Other Resources

Computer Technology (Ages 5-18)

Computer Power Unlimited is an exciting adventure with computers. You will learn how to interact with computers, use a variety of software, add hardware, and take advantage of information on the Internet. The activities will help you develop skills to confidently use your computer to design professional-looking printed materials, animated presentations and interactive web sites!

Supporting Events & Activities

For further information and requirements, please visit <http://florida4h.org/events>.

Competitive Contests:

County, District, State or National Levels

Demonstration and Illustrated Talks

Part of the "Mechanical, Electronic

Science, Petroleum Power and Small

Engines" division of demonstrations or illustration talks. This competition allows 4-H'ers to prepare an illustrated talk/demonstration about some new knowledge or skill they have learned in their project. Presentations are judged for standards of excellence/peer competition.

Public Speaking

This activity is designed to give 4-H members experience in the preparation and delivery of a 4-H related speech. This contest requires 4-H'ers to recognize, organize, and present information on a given topic.

Photo Exhibit

The General Photo Exhibit Contest provides a showcase for 4-H member's photographic accomplishments. Winning photographs are displayed for public view with the intent of increasing public awareness and understanding of the 4-H program.

Poster Art Program

The Poster Art Program gives 4-H members an opportunity to use the visual medium of poster art to promote public understanding and support of the 4-H program. Program goals encourage 4-H Club members to develop an awareness of visual imagery and its power to express thoughts and ideas.

Non-Competitive Events:

Day Camps and Clinics

Many counties and districts offer a variety of other educational workshops, clinics or day camps.

Award & Recognition Opportunities

Ribbons and Awards for Competitive Events

Blue, Red, and White ribbons are awarded based on quality of performance during a competitive event using a standard scoring system. In addition to ribbons, youth may receive additional recognition for excellence, such as trophies, at the district, state and national levels.

4-H Project Reports

Certificates, pins and other county determined awards are available to youth who complete their project records annually at the county level. The project report forms are available for each age group (Junior, Intermediate, Senior). For copies of these materials, please contact your [county 4-H agent](#).

4-H Portfolios

Senior 4-H'ers (ages 14 and up) are eligible to complete and submit a 4-H Portfolio of their 4-H experiences and activities. Youth in computer technology projects may compete in one of the following categories:

- **Science and Technology** - (predominantly focused on experiences in the science or technology category)
- **Citizenship** - (if activities have been significantly focused on community and helping others)
- **Achievement** - (if 4-H activities include a broad spectrum of 4-H projects)

- **Leadership** - (if 4-H experiences have centered on leadership provided to other youth or teaching and leading project activities)

The award for 4-H Portfolio is a partially expense paid trip to National 4-H Congress.

College Scholarships

Graduating Seniors in 4-H are eligible to compete for a variety of educational scholarships.

Contact your local 4-H office for these and other supporting project events, activities and award opportunities.
