PREFACE

4-H Food, Fun and Fitness

A Food, Nutrition and Health Education Curriculum for 7-8 Year Olds

The new Florida 4-H Individual and Family Resources curriculum, OUR PERSONAL WORLD recognizes that our personal values and goals are basic as we acquire, manage and use resources. Among the significant resources that are basic to each individual is food. Therefore, one of the key components of the curriculum is Food, Nutrition and Health.

4-H Food, Fun and Fitness is a portion of the 4-H Food, Nutrition and Health curriculum that is designed to help 7-8 year old youth understand the importance of food choices for good health. Additional curriculum packages are being designed for youth in other age ranges and for sequential advancement in food, nutrition and health. The Florida 4-H Food, Nutrition and Health curriculum has four major foci:

- General Dietary Guidance
- Weight Management and Fitness
- Health Risk Reduction
- Food Science and Safety

To the informed Florida citizen, it is not surprising that food, nutrition, health and fitness is a priority within the total 4-H Individual and Family Resources curriculum. An investment in young people's knowledge, understanding and attitudes about food and nutrition affects their personal health and can not be ignored now or in the future.

In **Food, Fun and Fitness**, we are particularly interested in helping young people develop a personal eating and fitness plan to impact their overall health.

TABLE OF CONTENTS

I. INTRODUCTION

Credits	2
Preface	3
Table of Contents	4-6
About Food, Fun and Fitness	7
Lesson Profiles	8
Instructional Materials Needed for Learning Activities	9
The Experiential Process...Steps and Techniques	10-11
Techniques	12
About Working with Children	13-14

II. Food, Fun and Fitness

LESSON 1: Basic Food Groups	L1-1
Teaching Outline	L1-1
Background Basics	L1-3
Activities	
1. Food Pyramid Bingo	L1-4
2. Food Pyramid Train	L1-7
3. Paradise Island	L1-10
4. Feel That Food	L1-13
5. Crazy Concentration	L1-15
Take-Home Activities	
1. Eating At My House	
LESSON 2: Variety Counts	L2-1
Teaching Outline	L2-1
Background Basics	L2-4
Activities	
1. Petie Introduces the Nutrients	L2-5
2. Petie Parrot Says	L2-8
3. The Pyramid Day Parade	L2-10
4. What Can You Do With The Good Food Clue?	L2-12
5. Nutrient Relay	L2-14
Take-Home Activities	
1. Break the Nutrient Code	
LESSON 3: Make Breakfast Count	L3-1
Teaching Outline	L3-1
Background Basics	L3-3
Activities	
1. Breaking the Fast	L3-4
2. Out of Gas	L3-6
3. Say "Breakfast!"	L3-9
4. Protein Power At Breakfast	L3-12
Take-Home Activities	
1. Eggs In A Scramble Activity Sheet	

TABLE OF CONTENTS (continued)

LESSON 4: Food Production	L4-1
Teaching Outline	L4-1
Background Basics	L4-3
Activities	
1. Food Movers	L4-5
2. Florida Food	L4-7
3. Radish Growing	L4-9
4. Where Does Food Come From?	L4-11
5. Garden Recipes	L4-13
Take-Home Activities	
1. Supermarket Scoop	
2. Watching Food Grow Workbook Activity	
LESSON 5: Food and Culture	L5-1
Teaching Outline	L5-1
Background Basics	L5-3
Activities	
1. Family Food Habits	L5-5
2. Multicultural Hangman	L5-7
3. Milk Around the World	L5-10
4. Amazing Chili	L5-12
Take-Home Activities	
1. Food Habits Workbook Activity	
2. Multicultural Scavenger Hunt	
LESSON 6: Preparing Food	L6-1
Teaching Outline	L6-1
Background Basics	L6-3
Activities	
1. Chef Safety Blindfold	L6-4
2. Measurement Investigation	L6-7
3. Keep it Fresh	L6-9
4. Nutritious Snacking	L6-12
Take-Home Activities	
1. Home Safety Check-Up Workbook Activity	
LESSON 7: Diet and Physical Fitness	L7-1
Teaching Outline	L7-1
Background Basics	L7-3
Activities	
1. How the Body Works	L7-4
2. Body Building	L7-7
3. Fitness Lotto	L7-9
4. Petie, Which Way?	L7-11
Take-Home Activities	
1. Make A Body-Building Snack Activity Sheet	
2. Healthy Practice Log	

TABLE OF CONTENTS (continued)

LESSON 8: Food Safety L8-1
Teaching Outline L8-1
Background Basics L8-3
Activities
 1. Where Do You Store Me? L8-4
 2. Wash Before You Bite L8-6
 3. Safe Food Discovery L8-8
 4. Keep it Cold L8-10
 5. Picnic Fun L8-12

Take-Home Activities
 1. Food Storage Hunt
 2. Petie Reviews the Rules

III. TAKE HOME
Food, Fun and Fitness Workbook

IV. Evaluation
Evaluation of Lessons

V. RECOGNITION MATERIALS
4-H Food, Fun and Fitness Certificate

VI. SUPPLEMENTAL ACTIVITIES
1. Food Pyramid Poster
2. Food, Fun and Fitness Game Cards
3. Food, Fun and Fitness Character Drawings

LESSON PROFILES: A brief description of the Food, Fun and Fitness Lessons:

! LESSON 1 - BASIC FOOD GROUPS

The Food Guide Pyramid provides the basic for Lesson 1 by introducing the importance of our daily food choices and the number of servings needed daily. This lesson provides a foundation for learning about a healthy diet using the food pyramid that Lessons 2-8 expand upon. "Food Bingo", "Paradise Island", and "Crazy Concentration" are just a few activities that teach youth the secret of putting the Pyramid into daily use.

! LESSON 2 - VARIETY COUNTS

Variety is the key to healthy eating with "Variety Counts" as the theme of Lesson 2. "Petie Parrot Says", "The Good Food Clue", and "Nutrient Relay" are fun, hands-on experiences for youth to discover nutrients and their food sources for choosing a variety of foods for their diets.

! LESSON 3 - MAKE BREAKFAST COUNT

Breakfast helps our bodies "Break the Fast" to start the day. Youth can discover that any food can be a "breakfast food" in "Out of Gas" and "Say Breakfast!". Making a simple breakfast food provides first-hand experience in meal preparation using the microwave and a range.

! LESSON 4 - FOOD PRODUCTION

Food goes through many "production" steps to get to the grocery and to our table. "Food Movers", "Florida Food", and "Radish Growing" provide fun, hands-on experiences which allow youth to explore the steps in Lesson 4. "Garden Recipes" provides an opportunity to use their skills to prepare nutritious snacks.

! LESSON 5 - FOOD AND CULTURE

Geographic location impacts our food sources and the food we eat. "Milk Around the World" and "Multicultural Hangman" take youth around the world to explore differences in food sources. While preparing "Amazing Chili", youth can see how one basic dish changes for individual ethnic preferences.

! LESSON 6 - PREPARING FOOD

Practicing kitchen safety while preparing snacks introduces youth to the danger spots in the kitchen. Eating the results is always the highlight of food preparation but practicing food safety is also important! Youth learn important measuring techniques to make their food preparation experiences more successful.

! LESSON 7 - DIET AND PHYSICAL FITNESS

"How My Body Works" and "Body Building" helps youth understand the body parts and organs and how their fitness depends on selecting a variety of foods. Through the game "Fitness Lotto" youth learn to distinguish between foods high and low in fats and sugars.

! LESSON 8 - FOOD SAFETY

Food safety involves proper storage and handling of food. "Wash Before You Bite" and "Safe Food Discovery" are hands-on activities which help youth see the impact of dirt and germs on food. The importance of keeping foods cold is addressed through "Picnic Fun".
