Re: 11/13/06 All 4-H counties sent OK to start new report year from DataGNV06.zip

All counties except the Seminole Tribe have been sent the OK to start the new 4-H report year with final pdfs of their data (as revised in Gainesville) and a DataGNV06.zip. Most of the OK emails were sent by Justin Sapp beginning 11/1/06.

A few counties who had received an earlier OK, got a second OK email with revised pdfs, usually because some Integration errors were corrected in the Clubs file.

Please contact Justin or Nancy if you did not receive the OK email. Some counties have trouble receiving zip files and we won't know it didn't get through unless you tell us.

If you aren't using Blue Ribbon for the current FY07 report year, you still need to create a Data06 folder and unzip the contents of your DataGNV06.zip into it, so that you have the final version of your data files.
