**WORK BEHIND PROPOSAL:**

1. It is important to understand what needs your community has before you select a project. Outline or describe the process you 4-H group went through to conduct a community needs assessment (determine the concerns, needs, or problems existing in your community).
2. After your group created a list of the needs in your community, how did the group decide which particular concern, need, or problem you will work on?

3. After your group selected a specific concern, need, or problem in your community, how did you create a plan to help solve the issue (your project)?

4. What are the goals that you want to achieve by carrying out this project? (Use the Community Pride SMART Goals Worksheet to help you develop goals for your project)

a) Goals for 4-H Members:

(i.e. What will you learn? What skills will you develop? What will you accomplish?)

b) Goals for your Community:

(i.e. How many members of the community will benefit from the project? What are some specific ways your community will be improved? How will this project make your community a better place?)

5. Describe in detail how the group plans to accomplish this year's goals. Include steps to be taken and timeline for the project (Use the Community Pride Calendar to help you develop a timeline). Please indicate if some work has already been done. What other individuals, service organizations, and agencies will be involved? (If needed, use additional pages.)

6. Brainstorm with your group and develop a list of possible funding sources you may be able to obtain within your community. (i.e. donation from local businesses, fundraising, private donations)
