Dear Parent,

The Florida 4-H Program is currently conducting a survey of families with a child who recently experienced his or her first year in 4-H. The purpose of the survey is to determine your satisfaction of the first year experience.

This is a brief survey for you to complete. Please simply answer the questions and give us your feedback. We appreciate you taking the time to complete the survey with your responses.

This will be a way for us to assess the strengths and shortcomings of our first-year 4-H experience. We continually strive to offer a high-quality program for youth and welcome any suggestions for improvement.

We care about the experience your child had in 4-h during their first year and also your experience as a 4-H parent. Our goal is to make the 4-H program a positive experience for your family. Thank you for completing the survey and helping to improve the quality of the 4-H program. The results of this survey will be shared with the Extension faculty and Advisory Committee from your county.

Marilyn N. Norman
State 4-H Program Leader
